Preparation of this Report

The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; or (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

SPECIAL ATTENTION

[Use this page for special or significant matters which should be brought to the purchaser's attention and that are not covered elsewhere in this report.]

Iolani Regent is a residential apartment complex containing 82 condominium units. The building was completed in 1991 and the two-story parking structure was completed in 1997. The land area of 35,910 square feet, together with the improvements thereon, were submitted to a condominium property regime in 1990, but the Declaration of Condominium Property Regime and the Bylaws of the Association of Unit Owners have been amended and restated to bring the project into conformity with Chapter 514B, Hawaii Revised Statutes.

Page 5. The title report was updated as of February 14, 2008.

Page 10. The Declaration was most recently amended on November 19, 2007. See items A & B below. The condominium map was most recently amended on February 21, 2008.

Page 11. The House Rules were adopted on November 21, 2007.

Page 18b. The units are being sold in "as is" condition, with no warranties. Also, see Page 34, paragraph 11.

A. The Developer has completed the refurbishing of the corridors and common areas on the ground level and has reconfigured two of the units on the 17th and 18th floors, where each of two three bedroom units located on each of those floors has been reconfigured into one one-bedroom/one bath unit and a two-bedroom/one bath unit. Units 604 and 903 will be refurbished to be used as model units for sales purposes.

B. The Developer has reassigned certain parking stalls in the project.

NOTE: The Developer has requested but has not yet received a verified statement signed by an appropriate county official stating that the structures of the project are in compliance with all zoning and building ordinances and codes applicable to the project at the time the project was built and specifying, if applicable, any variances or other permits that have been granted to achieve compliance, whether the project contains any legal nonconforming uses or structures as result of the adoption or amendment of any ordinances or codes and whether there are any violations of current zoning or building ordinances or codes and the conditions required to bring the structure into compliance. Developer has temporarily furnished a letter from a registered architect in lieu of a letter from the appropriate county official (see Exhibit "K").

If a letter from an appropriate county official is received after the effective date of this report, Developer will update this report by an amendment to this report.

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.

<input type="checkbox"/>	Developer has designated the units for sale to Owner-Occupants in this report. See Exhibit ____.
<input type="checkbox"/>	Developer has or will designate the units for sale to Owner-Occupants by publication.

5.3 Blanket Liens

Blanket Liens: A blanket lien is an encumbrance (such as a mortgage) on the entire condominium project or more than one unit that secures some type of monetary debt (such as a loan) or other obligation. Blanket liens (except for improvement district or utility assessments) must be released as to a unit before the developer conveys the unit to a purchaser. The purchaser's interest will be affected if the developer defaults and the lien is foreclosed prior to conveying the unit to the purchaser.

<input type="checkbox"/>	There are <u>no</u> blanket liens affecting title to the individual units.
<input checked="" type="checkbox"/>	There are <u>blanket liens</u> that may affect title to the individual units.

<u>Type of Lien</u>	Effect on Purchaser's Interest and Deposit if Developer Defaults or Lien is Foreclosed Prior to Conveyance
Mortgage	In the event of foreclosure, buyer will receive a full refund of all deposits (less a cancellation fee not to exceed \$250.00.
Assignment of Lessor's Interest in Leases	In the event of a foreclosure, buyer will receive a full refund of all deposits (less a cancellation fee not to exceed \$250.00.

5.4 Construction Warranties

Construction Warranties: Warranties for individual units and the common elements, including the beginning and ending dates for each warranty (or the method of calculating them), are as set forth below:

Building and Other Improvements: As is – no warranties. See Exhibit H.

Appliances: As is – no warranties. See Exhibit H.

5.5 Status of Construction, Date of Completion or Estimated Date of Completion

Status of Construction: All planned renovations and refurbishing to the project and the units have been completed.
Completion Deadline: If a sales contract for a unit is signed before the construction of the unit has been completed, or, in the case of a conversion, completion of any repairs, does not occur by the completion deadline set forth below, one of the remedies available to a purchaser is a cancellation of the purchaser's sales contract. The sales contract may include a right of the Developer to extend the completion deadline for force majeure as defined in the sales contract. The sales contract may also provide additional remedies for the purchaser.
Completion Deadline for any unit not yet constructed, as set forth in the sales contract: N/A
Completion Deadline for any repairs required for a unit being converted, as set forth in the sales contract: N/A

5.6 Developer's Use of Purchaser Deposits to Pay for Project Construction Costs Before Closing or Conveyance

The Developer is required to deposit all moneys paid by purchasers in trust under a written escrow agreement with a Hawaii licensed escrow depository. Escrow shall not disburse purchaser deposits to the Developer or on behalf of the Developer prior to closing, except if a sales contract is canceled or if Developer has met certain requirements, which are described below.

5.6.1 Purchaser Deposits Will Not Be Disbursed Before Closing or Conveyance

<input checked="" type="checkbox"/>	The Developer hereby declares by checking the box to the left that it shall use its own funds to complete the construction of the condominium project by the date indicated in Section 5.5 of this report, and the Developer, pursuant to its own analysis and calculations, certifies that it has sufficient funds to complete the construction of the condominium project. If the box to the left is checked, Sections 5.6.2 and 5.7, which follow below, will not be applicable to the project.
-------------------------------------	---

5.6.2 Purchaser Deposits Will Be Disbursed Before Closing

Hawaii law provides that, if certain statutory requirements are met, purchaser deposits in escrow under a binding sales contract may be used before closing to pay for certain project costs. For this project, the Developer indicates that purchaser deposits may be used for the following purposes (check applicable box):	
<input type="checkbox"/>	For new construction: to pay for project construction costs described in the Developer's budget and approved by the Developer's lender or an otherwise qualified, financially disinterested person; or
<input type="checkbox"/>	For conversions: to pay for repairs necessary to cure violations of county zoning and building ordinances and codes, for architectural, engineering, finance and legal fees, and for other incidental expenses.

In connection with the use of purchaser deposits (check Box A or Box B):

<p>Box A <input type="checkbox"/></p>	<p>The Developer has submitted all information and documents required by law and the Commission prior to the disbursement of purchaser deposits before closing. This means that the Developer may use such deposits before closing. If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>If Box A is checked, you should read and carefully consider the following notice, which is required by law:</p> <p><u>Important Notice Regarding Your Deposits:</u> Deposits that you make under your sales contract for the purchase of the unit may be disbursed before closing of your purchase to pay for project costs, construction costs, project architectural, engineering, finance, and legal fees, and other incidental expenses of the project. While the developer has submitted satisfactory evidence that the project should be completed, it is possible that the project may not be completed. If your deposits are disbursed to pay project costs and the project is not completed, there is a risk that your deposits will not be refunded to you. You should carefully consider this risk in deciding whether to proceed with your purchase.</p>
<p>Box B <input type="checkbox"/></p>	<p>The Developer has <u>not</u> submitted all information and documents required by law and the Commission, and, until all such information and documents are submitted, thus, the Developer cannot use purchaser deposits.</p> <p>If the Developer later submits all information and documents required by law and the Commission for the use of purchaser deposits, then the Developer must provide an amendment to this report or an amended developer's public report to each purchaser who has signed a sales contract. At such time, the <u>Important Notice Regarding Your Deposits</u> set forth immediately above will apply to all purchasers and will be restated in the amendment to this report or an amended developer's public report. When an effective date for such an amendment or an amended developer's public report is issued, <u>you will not have the right to rescind or cancel the sales contract by reason of such submission and amendment.</u> (This, however, does not affect your right to rescind for material changes or any other right you may have to rescind or cancel the sales contract, as described in Section 5.8 below.) If the Developer decides not to use purchaser deposits before closing, the Developer does not need to amend this report.</p> <p>You should understand that, although the <u>Important Notice Regarding Your Deposits</u> set forth above does not currently apply to you, it might apply to you in the future, and, therefore, you should read and carefully consider it now to ensure that you understand the risk involved in deciding whether to proceed with your purchase.</p>

Material House Bond. If the Developer has submitted to the Commission a completion or performance bond issued by a material house instead of a surety as part of the information provided prior to the use of purchaser deposits prior to closing or conveyance of a unit, the Developer shall disclose the same below and disclose the impact of any restrictions on the Developer's use of purchaser deposits.

5.7 Rights Under the Sales Contract

5.8 Purchaser's Right to Cancel or Rescind a Sales Contract

A purchaser's right to cancel a sales contract or to rescind a sales contract may arise under varying circumstances. In the sections below, some circumstances that will give rise to a purchaser's right to cancel or rescind are described, together with what a purchaser must do if the purchaser wishes to exercise any of the rights.

5.8.1 When a Sales Contract becomes Binding and Purchaser's 30-Day Right to Cancel a Sales Contract

A sales contract signed by a purchaser and the developer will not become binding on a purchaser or the Developer until the following events have taken place:

- (1) The purchaser has signed the sales contract.
- (2) The Developer has delivered to the purchaser a true copy of the developer's public report with an effective date issued by the Commission, together with all amendments to the report as of the date of delivery, and the project's recorded Declaration and Bylaws, House Rules (if any), the Condominium Map and any amendments to them to date (all of which are a part of the developer's public report). If it is impracticable to include a letter-sized Condominium Map, the Developer must provide written notice of an opportunity to examine the Condominium Map.
- (3) The Developer has delivered to the purchaser a notice of the purchaser's 30-day cancellation right on a form prescribed by the Commission.
- (4) The purchaser does at least one of the following:
 - (a) Waives the purchaser's right to cancel the sales contract within 30 days from receipt of the notice of the purchaser's 30-day cancellation right; or
 - (b) Allows the 30-day cancellation period to expire without exercising the right to cancel; or

(c) Closes the purchase of the unit before the 30-day cancellation period expires.

The purchaser or the Developer may cancel the sales contract at any time during the 30-day cancellation period, and the sales contract will be canceled and the purchaser's deposits returned to the purchaser, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.

5.8.2 Right to Cancel a Sales Contract if Completion Deadline Is Missed

In addition to the purchaser's 30-day cancellation right described in Section 5.8.1 above, when a sales contract is signed before completion of construction of a project, the purchaser will have the right to cancel if the unit is not completed by certain deadlines. In conversion projects, there must be a deadline for completion of any required repairs. Every sales contract shall contain an agreement of the Developer that the completion of construction shall occur on or before the completion deadline, and that completion deadline is set forth in this report in Section 5.5. The sales contract shall provide that the purchaser may cancel the sales contract at any time after the specified completion deadline, if completion of construction does not occur on or before the completion deadline, as the same may have been extended. Upon a cancellation, the purchaser's deposits shall be refunded, less any escrow cancellation fee and other costs associated with the purchase, up to a maximum of \$250.00.

5.8.3 Purchaser's Right to Rescind a Binding Sales Contract After a Material Change

If a "material change" in a project occurs after a purchaser has signed a sales contract that has become binding, the purchaser will have a 30-day right to rescind after notification and description of the material change. A material change is defined in the Condominium Property Act to be any change that "directly, substantially and adversely affects the use or value of (1) a purchaser's unit or appurtenant limited common elements; or (2) those amenities of the project available for the purchaser's use."

The purchaser will be informed of the material change by the developer on a form prescribed by the Commission containing a description of the material change.

After notice of the material change, the purchaser may waive the right to rescind by:

- (1) Checking the waiver box on the rescission form; or
- (2) Letting the 30-day rescission period expire, without taking any action to rescind; or
- (3) Closing the purchase of the unit before the 30-day rescission period expires.

The rescission form must be signed by all purchasers of the affected unit and delivered to the developer no later than midnight of the 30th calendar day after the purchasers received the rescission form from the developer. Purchasers who validly exercise the right of rescission shall be entitled to a prompt and full refund of any moneys paid.

A rescission right shall not apply in the event of any additions, deletions, modifications and reservations including, without limitation, the merger or addition or phasing of a project, made pursuant to the terms of the project's Declaration.

These provisions shall not preclude a purchaser from exercising any rescission rights pursuant to a contract for the sale of a unit or any applicable common law remedies.

6. MISCELLANEOUS INFORMATION NOT COVERED ELSEWHERE IN THIS REPORT

a. The project is subject to a Declaration of Restrictive Covenants (Private Park) dated January 11, 1990, a copy of which has been provided by the Developer along with its application and which is available for inspection by prospective purchasers upon request. The declaration is a fulfillment of the City's Park Dedication Rules and Regulations. Owners of the project are responsible for improving and maintaining the approximately 24,000 square foot property for a private park, playground and recreation purposes.

b. As noted on Page 1a, this condominium project was created in 1990 and is therefore not technically a conversion. However, in view of the project's age and the fact that the developer will be entering into initial sales contracts for units, it is important that prospective purchasers understand the building's condition, given almost 17 years of prior use. For this reason, buyers are reminded to READ WITH CARE the Project Summary and Disclosure dated March 7, 2007 and the Property Conditions Report dated February 12, 2007, both of which are referred to in Section 4.08, paragraph (h) on Page 12 of the Sales Contract and which have or will be provided to Buyer. Among other things, the Project Summary explains the "as is" nature of all sales and the Conditions Report explains the condition of the property that buyers are purchasing "as is".

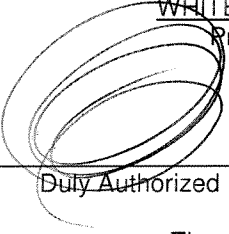

c. The Property Conditions Report, assembled by RIM Architects and signed by its Principal, consists of reports prepared by RIM's structural, mechanical, electrical and elevator consultants. RIM's findings, in summary, are that the building is in the condition expected of a building its age and that discrepancies found were mainly cosmetic or maintenance related, though some dealt with multiple code issues (mostly on the mechanical system). There are no major discrepancies of a major nature which require correction. To fully understand the Conditions Report, buyers are urged, if necessary, to seek the assistance of appropriate specialists.

The Developer declares subject to the penalties set forth in Section 514B-69, HRS, that this project conforms to the existing underlying county zoning for the project, zoning and building ordinances and codes and all applicable permitting requirements adopted by the county in which the project is located, all in accordance with Sections 514B-5 and 32(a)(13), HRS.

For any conversion, if any variances have been granted, they are specified in Section 1.14 of this report, and, if purchaser deposits are to be used by the Developer to cure any violations of zoning, permitting requirements or rules of the county in which the project is located, the violation is specified in Section 1.15 of this report, along with the requirements to cure any violation, and Section 5.5 specifies the date by which the cure will be completed.

The Developer hereby certifies that all the information contained in this report and the exhibits attached to this report and all documents to be furnished by the Developer to purchasers concerning the project have been reviewed by the Developer and are, to the best of the Developer's knowledge, information and belief, true, correct and complete. The Developer hereby agrees promptly to amend this report to report and include either or all material facts, material or pertinent changes to any information contained in or omitted from this report and to file annually a report to update the material contained in this report at least 30 days prior to the anniversary date of the effective date of this report.

PERMITTED ALTERATIONS TO THE UNITS

The Declaration provides as follows:

"U. Alteration of Project. Restoration or replacement of the Project or of any building or common elements, or the construction of any additional building, or the alteration of or addition to any structure which differs in any material respect from said Condominium Map of the Project, shall be undertaken by the Association or any unit owners pursuant only to an amendment of this Declaration, approved by not less than eighty percent (80%) of the owners of the common interests and accompanied by the written consent of the holders of first mortgages on units to which at least fifty-one percent (51%) of the votes of units subject to such mortgages are allocated (if the lienholders require such consent) affecting any of the units, in accordance with complete plans and specifications therefore prepared by a licensed architect or engineer if so required by the Board, first approved by the Board. Promptly upon completion of any such restoration, replacement or construction, the Association shall duly file such amendment together with a complete set of floor plans of the Project as so altered, certified as built by a registered architect or engineer.

No unit owner shall do any work which jeopardizes the soundness or safety of the Project, reduces the value thereof or impairs any easement or hereditament, without in every such case the consent of the owners of sixty-seven percent (67%) of the common interests, together with the consent of all unit owners whose units or limited common elements appurtenant thereto are directly affected, being first obtained; provided, however, that non-material structural additions to the common elements, or additions to or alterations of a unit made within such unit or within a limited common element appurtenant to and for the exclusive use of such unit shall require approval only by the Board and such percentage, number or group of unit owners as may be required by this Declaration or the Bylaws. Upon completion of any addition or alteration which changes the floor plan of a unit or limited common element, the Board shall cause a copy of the revised floor plan of the unit or limited common element affected to be filed, at the expense of the owner of such unit, as an amendment of this Declaration and said Condominium Map. "Non-material structural additions to the common elements", as used herein, shall mean a structural addition to the common elements which does not jeopardize the soundness or safety of the property, reduce the value thereof, impair any easement or hereditament, detract from the appearance of the Project, interfere with or deprive any non-consenting owner of the use or enjoyment of any part of property or directly affect any non-consenting owner.

Prior to commencing any improvements or alterations permitted to be made pursuant to this Section, and as a condition to the unit owner's right to undertake such improvements and alterations, the unit owner shall provide to the Board: (a) a certification in form and content reasonably satisfactory to the Board signed by an architect or engineer duly registered in the State of Hawaii, that such improvement or alteration will not affect the structural integrity of the common elements, limited common elements, or of any other unit in the Project; (b) satisfactory evidence that all governmental approvals for such alteration have been duly obtained; and (c) if the cost of the improvement or alteration, as reasonably determined by the Board, shall exceed the sum of \$25,000.00, the Board may require that the owner provide evidence satisfactory to the Board of sufficient financing to complete such alteration, or in lieu thereof, require that the owner obtain a performance and lien payment bond, naming as obligees the Declarant, the Board and the Association and collectively all unit owners and their respective mortgagees of record, as their interests may appear, for a penal sum of not less than one hundred percent (100%) of the estimated cost of such alteration.

All alterations or additions to the Project, the common elements, a unit, or a limited common element shall be done in accordance with all applicable laws, ordinances, rules, regulations and codes ("Laws"). Any unit owner who makes an alteration or addition to his or her unit or the limited common element appurtenant thereto shall indemnify, defend and hold harmless the Association against any and all claims, liability, loss, cost, expense, injury or damages ("Claims") arising from such alteration or addition including without limitation Claims arising from failure to observe applicable Laws."

SUMMARY OF SALES CONTRACT

A Specimen Sales Contract has been submitted to the Real Estate Commission. ALL BUYERS AND PROSPECTIVE BUYERS SHOULD CAREFULLY READ THE SALES CONTRACT IN FULL, SINCE THIS SUMMARY IS NOT A COMPLETE DESCRIPTION of its provisions. The Sales Contract, among other things, covers in more detail the following items:

1. Developer ("Seller"), in its sole discretion, and in addition to any other rights of cancellation or termination reserved to Seller, may elect to cancel the Sales Contract if Buyer defaults under the Sales Contract. Buyer may lose all of its deposits with Escrow and Seller. Seller may, at its option, pursue other legal remedies. If Seller defaults under the Sales Contract, Buyer shall be entitled to specific performance of the Sales Contract, or shall have the right to cancel and terminate the Sales Contract.

2. Buyer is required to prepay Additional Sums, closing costs and prorations as more particularly described in the Sales Contract.

3. The Sales Contract confirms that Buyer has had the opportunity to read and approve the Project documents, including the Declaration, Bylaws, Condominium Map, House Rules, the form of Unit Deed, Escrow Agreement, this Public Report and all amendments and supplements to all such documents.

4. The rights of any of Seller's construction lenders with a security interest the Project will be superior to the rights of Buyer under the Sales Contract.

5. Buyer specifically acknowledges and accepts certain enumerated conditions regarding on-going development and marketing of the project stated in the Sales Contract as well as any inconvenience or annoyance which Buyer may experience as a result of such conditions, and expressly waives any rights, claims or action which Buyer might otherwise have against Seller or third parties as a result of such circumstances.

6. If Buyer cancels the Sales Contract because of Seller's default, Seller will repay to Buyer all sums paid by Buyer to the Seller or to Escrow under the Sales Contract.

7. Seller shall have certain rights and remedies against Buyer in the event Buyer fails to perform any of the terms and conditions of the Sales Contract, including failure to comply with the pre-closing and closing requirements, as more particularly described in the Sales Contract, including the right to retain Buyer's deposit, the right to other damages, and the right to specifically enforce the Sales Contract.

8. The Sales Contract prohibits Buyer from assigning the Sales Contract.

9. BUYER AGREES THAT NEITHER SELLER NOR ANY SALESPERSON OR OTHER PERSON AFFILIATED WITH OR IN ANY WAY RELATED TO SELLER HAS TALKED TO BUYER AT ALL ABOUT ANY OF THE FOLLOWING MATTERS:

Buyer agrees that neither Seller nor any salesperson or other person affiliated with or in any related to Seller has talked to Buyer at all about any of the following:

- (1) Any rental income to be derived from the Property.
- (2) Any sales services for Buyer's Property after Buyer acquires it.
- (3) Any economic benefit which Buyer may derive from the purchase of ownership of the Property.

- (4) Any tax advantages or tax effects from Buyer buying the Property.

IF BUYER WANTS TO RENT OR SELL THE PROPERTY, HOW BUYER DOES IT WILL BE UP TO BUYER.

10. Cancellation Before Agreement Becomes Binding. THE SALES CONTRACT MAY BE CANCELLED AT ANY TIME BEFORE IT BECOMES A BINDING CONTRACT, WITH OR WITHOUT CAUSE, AT THE OPTION OF EITHER PARTY, BY WRITTEN NOTICE OF SUCH CANCELLATION TO THE OTHER PARTY. In the event of such cancellation, Seller shall cause Escrow to refund all of Buyer's payments (less any cancellation fees for Escrow and other costs, not to exceed \$250.00) and neither Seller nor Buyer shall have any other or further liability under this Agreement or with respect to the Unit or the Project.

11. As-Is Sale; Disclaimer of Warranties; Disclosures and Acknowledgements. Section 4.08 of the Sales Contract contains the following provisions, among others:

"(a) Property Sold "As-Is" With No Warranties. Buyer acknowledges and agrees that the Project is an existing building built in 1991 and recently acquired by Seller. There are no warranties. Buyer has chosen to purchase the Unit in "as is" condition, with all defects and without warranties instead of other condominium units that are newly built and for which there may be warranties. Buyer acknowledges that the price is based on the "as is" nature of a sale of an apartment unit in an existing building and the fact that no representations and no warranties are given by Seller and there are no warranties at all. Buyer further acknowledges, understands and agrees that construction defects (in and to the Unit or any part of the Project) are to be regarded as strictly in the nature of economic losses for which only contract remedies may be available and for which the law does not provide any tort remedies. Since this is an "as is" sale, Buyer understands and waives any contract remedies. Buyer is free to buy other units on the market and to adjust his or her expectations accordingly. Buyer has had an opportunity to consult with legal counsel and other advisers in order to understand all of the terms of this Agreement and before deciding to enter into this Agreement. Seller has complied with the condominium law in providing to the Real Estate Commission a description by consultants of the structural, mechanical and electrical systems of the Project which descriptions are available for Buyer's review. There are no guarantees or warranties as to the accuracy or completeness of these reports. Seller does not warrant the accuracy of these reports. Seller does not warrant the structural integrity or quality of the Project or any of the mechanical or electrical systems or the useful life of the systems. There are no warranties on the Units, the common elements, the limited common elements, the Project or anything in the Units or in the Project with the sole and limited exception of manufacturer's warranties on new appliances. Seller makes no representations or warranties with respect to the materials or workmanship involved in the renovation of the units or the Project. Seller does not warrant any appliances, new or old but will transfer to the Buyer the transferable manufacturer's warranties on new appliances. Seller has made no representations about the physical condition of the Project or the Unit. Buyer confirms that it is purchasing the Unit without relying on any representations by Seller or anyone on behalf of Seller.

(b) Disclaimer of Warranties. SELLER EXPRESSLY DISCLAIMS ANY AND ALL LIABILITY FOR REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, SUITABILITY, HABITABILITY, QUALITY, PHYSICAL CONDITION AND VALUE WITH RESPECT TO THE UNIT, THE FURNISHINGS, FIXTURES AND APPLIANCES IN THE UNIT, THE COMMON OR LIMITED COMMON ELEMENTS OF THE PROJECT, OR ANYTHING INSTALLED THEREIN.

* * * * *

(d) The Model Units Are Not a Warranty. Seller has renovated two units in the Project for use as "model units" to show prospective buyers the renovation potential of the units. BUYER ACKNOWLEDGES AND AGREES THAT THE MODEL UNITS ARE FOR DEMONSTRATION PURPOSES ONLY AND DO NOT CONSTITUTE A WARRANTY AS TO THE PHYSICAL CONDITION AND APPEARANCE OF THE UNIT BUYER IS PURCHASING.

* * * * *

(g) Manufacturer's Warranties on Certain Improvements Within Unit. If Seller has replaced any appliance or fixture within the Unit, Seller shall provide to Buyer at closing all existing warranty documents in Seller's possession covering such newly installed appliances or fixtures. Buyer understands that any warranties delivered by Seller to Buyer represent obligations of other persons, not Seller, and that such documents are provided for Buyer's informational purposes only. Buyer further understands that Seller does not promise that any such warranties are transferable to Buyer, and that Buyer must contact the providers of such warranties to determine whether the warranties are transferable to Buyer.

(h) Project Summary and Disclosures; Project Conditions Report. Seller has provided to Buyer a Project Summary and Disclosures dated March 7, 2007, and also a Property Conditions Report dated February 12, 2007, which are incorporated herein by this reference. Buyer acknowledges that Buyer has read and understood the summaries, disclosures, inspections and reports contained in both documents."

THIS SUMMARY IS INTENDED ONLY TO GIVE A BRIEF DESCRIPTION OF SOME OF THE ITEMS CONTAINED IN THE SALES CONTRACT, AND DOES NOT ALTER OR AMEND THE SALES CONTRACT IN ANY MANNER. SUMMARY OF ESCROW AGREEMENT

A copy of the Condominium Escrow Agreement between the Seller and Title Guaranty Escrow Services, Inc. ("Escrow") will be submitted to the Real Estate Commission. The Escrow Agreement, among other things, covers in more detail the following items:

1. Developer ("Seller") shall deliver an executed copy of each sales contract for the sale of a residential Unit to Escrow. Each sales contract shall be accompanied by the initial deposit required thereunder.

2. Seller shall pay Escrow monies received from purchasers under sales contracts covering Units in the Project. Escrow shall receive and hold in escrow and disburse funds as set forth in detail in the Escrow Agreement. Escrow shall deposit all funds so received in an account at a federally-insured interest-bearing account at a bank, savings and loan association, financial services loan company or credit union authorized to do business in the State. Except for specific circumstances stated in the Escrow Agreement, any interest earned on funds deposited in escrow under the Escrow Agreement shall accrue as specified in the sales contract.

3. No disbursements of funds held in escrow shall be made unless and until, among other conditions, (a) the purchaser has been given a copy of the Developer's Public Report with an effective date issued by the Real Estate Commission of the State of Hawaii and all amendments (the "Public Report"), and shall have acknowledged receipt of the same or shall have been deemed to have acknowledged receipt of the same; (b) the purchaser has waived its cancellation rights; (c) the purchaser has waived its rescission rights; (d) Escrow has received satisfactory evidence that the buildings have been completed and that the Seller has cleared or provided sufficient funds to cover mechanic's and materialmen's liens; (e) Seller or Seller's attorney shall have delivered a written opinion to Escrow; and (f) the purchaser has delivered to Escrow a written waiver of all options to cancel the sales contract.

4. A purchaser shall be entitled to a return of funds and Escrow shall pay such funds to such purchaser, together with any interest that may have accrued to the credit of purchaser, if any one of the following has occurred: (a) Seller and the purchaser shall have together requested Escrow in writing to return to the purchaser the funds of the purchaser held by Escrow; (b) Seller shall have notified Escrow of Seller's exercise of the option to cancel or rescind the sales contract pursuant to any right of cancellation or rescission provided therein or otherwise available to Seller; or (c) the purchaser has exercised such purchaser's right to cancel or rescind the contract pursuant to the Condominium Act.

5. In the event of a default by the purchaser in any matter being handled by Escrow, upon certification by the Seller of Seller's termination of the sales contract, Escrow will thereafter treat all funds of the purchaser paid on account of such purchaser's sales contract as funds of Seller and not as funds of the purchaser.

6. Except for the sales contract and any note and mortgage that is to be closed by the mortgagee thereof, Escrow shall promptly and diligently arrange for and supervise the execution of all documents related to the Project and shall promptly, and diligently close the transactions and perform such services as are necessary or proper therefore, in the manner established in the Escrow Agreement.

NOTE: ALL BUYERS AND PROSPECTIVE BUYERS SHOULD READ THE ESCROW AGREEMENT AND ALL AMENDMENTS, IF ANY, IN FULL AS THIS SUMMARY IS NOT ALL-INCLUSIVE AND DOES NOT CONTAIN A COMPLETE DESCRIPTION OF ALL PROVISIONS OF THE ESCROW AGREEMENT. THIS SUMMARY IS INTENDED ONLY TO GIVE A BRIEF DESCRIPTION OF SOME OF THE ITEMS CONTAINED IN THE ESCROW AGREEMENT, AND DOES NOT ALTER OR AMEND THE ESCROW AGREEMENT IN ANY MANNER.

Ladies and Gentlemen:

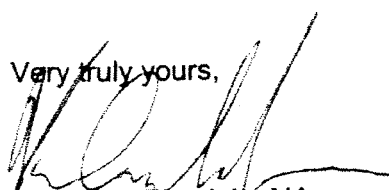

We are writing this letter at the request of White Sand Development LLC ("White Sand") and with regard to the application for the issuance of a public report by the Real Estate Commission.

We have investigated the records at the City and County of Honolulu ("City") and have made a physical inspection of the project. Investigation revealed that a building permit was issued by the Department of Planning and Permitting for the 17-floor, high-rise multi-family project with 112 parking stalls located on the site and within the two-level parking structure when the project began construction in 1990 on a lot of 35,910 square feet zoned A-2, Medium Density Apartment District, and, to the best of our knowledge and based on our investigation of the City's records, the project met all zoning and building code requirements applicable to the project at the time that it was built.

We cannot determine all legal non-conforming uses or structures, as a result of adoption or amendment of any ordinance or code.

To the best of our knowledge and after investigation, the City's records do not show that any variances or other permits were granted to allow deviations from any applicable codes at the time that the project was built.

Very truly yours,
